Mr. Kern Miller  
 Atlantic Municipal Water Works  
 15 West Third Street  
 Atlantic, IA 50022

Dear Kern:

I wish to thank you again for your assistance in conducting the Atlantic P.W.S. Soil-Gas Survey. Your efforts were greatly appreciated in obtaining approval from the phone, gas and cable companies for our sample locations as well as obtaining access to private property.

We are presently evaluating the field data in preparation of writing our report. To accomplish this I will again call upon your assistance in obtaining some additional information and materials. These requests are as follows:

Storm Sewer System Map of Atlantic, Iowa. Principally the area covered by the city plat aerial photo series, plat #'s 1, 2, 3, 4, 54, 57, 58, 184\*. The installation dates of the sewer system and approximate slope gradients (sub-surface) of these sewer lines.

Clean copies of the aerial photos of city plat #'s 1, 2, 3, 4, 54, 57, 58, and 184\* (scale 1" = 100').

Chronology of businesses which have existed on the sites of the present day Hardee's and the site which until recently was host to the Iowa D.O.T. Lab facility.

If you have any questions please call me at 913-432-9961. Thank you for your assistance.

\*City plat 184 appears to exist in only a scale of 1" = 330'. Is there any way of getting a copy of the portion bordering plats #3 and 4 to the north at the 1" = 100' scale?

Sincerely,

Philip C. Dula
